Let's work together!

Hi there! I am a born and raised Floridian living the dream and enjoying the St. Louis life. My husband and I renovated our 1970s home, sold it, and built our dream home on a budget! I am a second grade teacher pushing my kiddos to follow their dreams while I follow mine as well.

I have been a long time lover of all things home design and decor and love sharing tips and tricks, DIYs, and products I am loving. I am well versed in technology, creating content, and engaging with others and would love an opportunity to work with you.

ABOUT ME

My name is Logan and I have always been a lover of all things home decor. I have been decorating spaces since I was a little girl living in my parents house.

We have recently built a house and I have loved turning it into a home. I have also been working with others to create their dream spaces.

My goal is to work with brands that have great quality and match my vibe and style that I can share with others.
